What you get	Unlimited agents and transactions, up to 1,000 catalog items, Twin URLs and API keys, priority onboarding, and no Qatom transaction fees.

This summary is for convenience. The terms below are the agreement.

1. Who this agreement is between

This Qatom Max 60-Day Trial Agreement (the “Agreement”) is between TODAQ Micro Inc., a Delaware corporation doing business as Qatom (“Qatom,” “we” or “us”), and the company named in the sign-up form (“Customer” or “you”).

The Agreement starts on the date you accept it online (the “Start Date”). In this Agreement a “month” means one calendar month, counted from the Start Date. For example, if you accept on 10 October, month 1 runs from 10 October to 9 November.

2. The Max plan

During the Term you get the Qatom Max plan, which includes:

- unlimited agents;
- unlimited transactions;
- up to 1,000 catalog items;
- Twin URLs and API keys;
- priority onboarding from our team; and
- no Qatom transaction fees.

The Max plan, together with the related software, documentation and updates, is the “Service.” We keep improving Qatom and may change features, but we will not materially reduce the features listed above during a Term that has already started.

Fees charged by third parties you choose to use, such as your bank or card provider, are between you and them.

3. Your first 60 days are free

The trial starts on the Start Date and lasts 60 days (the “Trial Period”). The subscription fee for the Trial Period is US$0, and you do not need a payment method to start.

4. Cancelling or changing plan during the Trial Period

You may cancel at any time up to 11:59 p.m. Eastern Time on the last day of the Trial Period. To cancel, email hello@qatom.ai from your account email address, or use any cancellation option we provide in your Qatom dashboard. If you cancel during the Trial Period you owe nothing: no subscription fee and no cancellation fee.

Instead of cancelling, you may move to the Qatom Pro plan (US$20 per month, billed monthly in advance, no annual commitment, and you may cancel it at any time, effective at the end of the month you are in) or to the Qatom Free plan, by the same deadline and by the same methods. Pro and Free plan limits apply from the day the new plan starts. If your account is over those limits we will tell you before the switch so you can choose what to keep. We may change the Pro price with at least 30 days’ notice.

We will email you a reminder at least 7 days, and again at least 2 days, before the Trial Period ends. Each reminder will explain how to cancel and how to change plan.

5. After the Trial Period: month to month

If you have not cancelled or changed plan by the end of the Trial Period, and you have added a payment method, your Max subscription continues month to month at US$300 per month. Each

month after the Trial Period is a “Term.” Fees are billed monthly in advance, in US dollars, starting on day 31. Fees do not include applicable taxes, which we will show separately.

You may cancel at any time, effective at the end of the month you are in. Fees already billed are not refundable, except as Section 10 provides. We may change the Max price with at least 30 days’ notice, and the new price applies from your next billing month.

If you have not added a payment method by the end of the Trial Period, we move your account to the Qatom Free plan and charge you nothing. You can return to Max at any time.

If a payment fails we will tell you and give you at least 10 days to fix it before we suspend access. The unpaid amount remains owed.

6. Your data

You own your data, content, catalog items, products and services (“Customer Data”). You permit us to host, process and transmit Customer Data only as needed to provide and support the Service, and in line with our Privacy Policy at qatom.ai/legal/privacy.

For 30 days after this Agreement ends you may export your Customer Data using the tools in the Service or by asking us.

7. License and acceptable use

We grant you a non-exclusive, non-transferable right during the Term to use the Service for your business. We and our licensors keep all rights in Qatom, the Service and the related software, documentation and technology.

You will use the Service lawfully and in line with our documentation. You will not: resell or sublicense the Service itself, except as the Service is designed to allow, such as selling your own products and services through it; reverse engineer it, except where the law permits; or use it to break the law, infringe anyone’s rights, or disrupt the Service or other users. You are responsible for activity under your account and your API keys.

8. Warranty

We will provide the Service substantially as described in our documentation, with reasonable care and skill. Features we label beta or preview are provided as is.

Except as stated in this Agreement, the Service is provided “as is,” and to the extent the law allows we disclaim implied warranties, including merchantability, fitness for a particular purpose and non-infringement.

9. Liability

Neither party is liable to the other for indirect, consequential, special, incidental or punitive damages, or for lost profits or revenue, even if told they were possible.

Each party's total liability arising out of this Agreement is limited to the greater of (a) the fees paid or payable by you under this Agreement in the twelve months before the event giving rise to the claim, and (b) US$1,000.

These limits do not apply to your obligation to pay fees, to either party's liability for fraud or willful misconduct, or to liability that cannot be limited by law.

10. Suspension and termination

Either party may end this Agreement by written notice if the other materially breaches it and does not fix the breach within 30 days of receiving notice.

We may suspend access immediately if needed to prevent a security risk, serious harm to the Service or its users, or illegal use. We will tell you why and restore access once the issue is resolved.

If you end this Agreement because of our uncured breach, we will refund any fees you prepaid for the unused part of the Term.

Sections 6, 7 (as to our ownership), 9, 10 and 13 survive the end of this Agreement.

11. Offer eligibility

The Max 60-Day Trial is for new Qatom Max customers signing up for business purposes, one trial per organization. We may change or end the trial offer for new sign-ups at any time. That does not affect an Agreement you have already accepted.

Sign-ups with a pre-approved Agentic Payments Builders promo code receive six months of Max under the separate Qatom Max Launch Offer Agreement (version 1.1) instead of this Agreement. You may move to an Enterprise plan at any time on terms we agree separately.

12. Accepting electronically

By checking the agreement box and submitting the sign-up form, you accept this Agreement and confirm that you are authorized to bind the Customer. Your electronic acceptance has the same effect as a handwritten signature.

We will email a copy of this Agreement to the address you provide and keep a record of your acceptance, including the date, the time and the version of this Agreement you accepted.

13. General

Delaware law governs this Agreement, without regard to its conflict-of-law rules.

This Agreement is the entire agreement about the Max 60-Day Trial and replaces prior discussions about it. If you also accept the Qatom Terms of Service, this Agreement controls on anything it covers. Changes must be in writing and agreed by both parties; we cannot change this Agreement during a Term by posting new terms.

Notices are given by email: to us at hello@qatom.ai, and to you at the work email in your sign-up or your account.

Neither party may assign this Agreement without the other's consent, except that either party may assign it on notice to an affiliate or to a successor in a merger, reorganization, change of corporate name or sale of substantially all of the relevant business.

If any part of this Agreement is unenforceable, the rest stays in effect. Neither party is liable for delays caused by events beyond its reasonable control.
